

3408 DuraSOL™ Light Display Film Satin 9 mil

PRODUCT DESCRIPTION

3408 DuraSOL™ Light is a 9mil semi-rigid PVC display film with a “low glare” satin finish and an instant dry, scratch resistant coating. The durable construction features tear resistant PVC intended to be used unlaminated to create a durable rollup panel engineered to withstand repeated rolling in portable display units without cupping, warping, or scratching. DuraSOL™ 3408 is compatible with all solvent printers but not recommended for UVC printers.
