

3508 DuraSOL™ Heavy Display Film Satin 17 mil

PRODUCT DESCRIPTION

3508 DuraSOL™ Heavy is a 17mil semi-rigid PVC display film with a “low glare” satin finish and an instant dry, scratch resistant coating. The durable construction features tear resistant PVC intended to be used unlaminated to create a durable rollup panel engineered to withstand repeated rolling in portable display units without cupping, warping or scratching. DuraSOL™ 3508 is compatible with solvent and UVC printers.
