*3166 ClearSTICK Adhesive Clear Film is available with side-stripe (3166-9) in limited sizes, if the HP Media Edge Holders are not being used.

*For thicker, rigid, or materials that are experiencing head crashes or warping:

- Increase vacuum pressure
- Lower the curing temperature
- Use the media edge holders
- Reduce ink level
- Use the take up reel to increase forward tension

How to Buy

For additional Sihl Digital Imaging product information, please call 1-800-366-7393 or visit our website www.sihlinc.com where you can also find an authorized Sihl reseller near you.
