

INK COMPATIBILITY

4571 Double Matte 4 mil film is ideal for printing CAD graphics on inkjet printers. The resilient coating reproduces colors vividly and is perfect for making full color CAD prints on the HP PageWide XL printers. The image layer can be erased using a pencil eraser for "on the field" changes.

STANDARD SIZES

Item # 457100002422 - 36"x125' - 3"core

**Custom sizing available upon request.*
