

SIHL INTRODUCES NEW DECOR BRILLIANT™ MATTE CANVAS

PRODUCT ANNOUNCEMENT

Dear Sihl Customer,

SiHL Digital Imaging has developed an economy matte inkjet canvas that will make you rethink economy canvas!

SiHL Decor Brilliant™ Matte Canvas – 3579 is a 15 mil matte canvas with a 1:1 structure and a bright white, instant dry coating for use with aqueous inkjet printers. For price conscious projects, **Decor Brilliant™** canvas offers good quality print performance mixed with soft hand and even texture. A unique ratio of polyester and cotton provides a natural looking base that provides excellent opacity and strength as well as resistance to edge cracking.

PRINT

Decor Brilliant™ combines maximum ink loading and extremely fast dry-times to produce excellent print quality and color gamut designed for framed art or photo reproduction. A bright white, textured matte finish gives excellent contrast and depth with “plug and play” performance across the most common aqueous printer platforms.

Visit www.sihlusa.com for the onboard print settings for Epson, Canon, HP and other leading brands of inkjet printers.

FINISH

Decor Brilliant™ is designed to work with both solvent and aqueous liquid laminates. Whether the final job calls for gloss, satin, or matte overcoat, **Decor Brilliant™** is a great starting point. And, if the print needs no protective overcoat, the textured matte finish is water resistant, keeping the inks colorfast across a wide range of exposure conditions.

STRETCH

Decor Brilliant™ combines unique blended poly/cotton base, premium gesso, and our proprietary flexible inkjet receptive coating into a print canvas that can be professionally stretched, folded, and gallery wrapped without fear of edge cracking or sagging.

BUY

SiHL Decor Brilliant™ Matte Canvas is in stock and available for immediate shipment.

Roll Sizes: 24", 36", 42", 50", 60" by 40' length, 2" core.

Call 1-800-366-7393

Sincerely,

SiHL Digital Imaging Team
