

SIHL INTRODUCES NEW 3208 QuickSTICK Adhesive Backed Fabric

PRODUCT ANNOUNCEMENT

Dear Sihl customer,

As Sihl USA continues to synergize globally with Sihl Europe we find products within our vaults that we are excited to introduce or possibly re-introduce to you. Here is one such product. 3208 QuickSTICK™ matte.

3208 QuickSTICK™ matte is a repositionable and removable adhesive textile product made of woven recyclable polyester. It is coated to achieve maximum graphic definition and allow for excellent ink load and scratch resistance. 3208 QuickSTICK™ has been enhanced for Latex printer platforms while still maintaining superb imaging quality on eco solvent / light solvent platforms, and of course prints extremely well on full solvent & UV printer platforms. 3208 is especially designed for indoor repositionable & removable applications leaving no residue behind. Short term outdoor applications also benefit from the durability and stability of a scratch resistant woven product.

Use 3208 QuickSTICK™ for high impact value conscious imaging.

Sincerely,

Sihl USA

Roll Sizes : 42," 54," 60," by 100' length, 3" core.
